Why Via?

At Via Seating we have a philosophy—*Building People with Great Chairs*. It is with this vision that we set out to cultivate the perfect sitting experience crafted to the individual. Through the creative genius of our team of engineers, ergonomists and designers across the world, we shape comfortable chairs with innovative technology at an incredible value backed by our industry-leading warranty. Our solutions translate across a variety of work, healthcare, learning, government, public, hospitality and collaborative spaces. Explore our 21 categories and growing including task, sit-to-stand, conference, executive, guest, lounge, outdoor, and more. Discover the difference a great Via chairs makes.

Innovative

Experience an extensive breadth and depth across 17 categories of seating, superior ergonomic technology and Via Seating's proprietary, injection-molded, comfort foam.

Easy to Spec

Custom build your product and generate a visual quote with list pricing, dimensions & so much more on our custom, easy-to-use, online, Spec It build & quote tool or on CET.

Quick Ship

Via Seating has more than a quick ship program. We are a quick ship company on 99% of our offerings with a revolutionary 48 hour manufacture time across all indoor.

Covered

Our industry-leading, hassle-free warranty covers the whole Via chair—including the foam and labor—for 12 years. Learn more at viaseating.com/warranty

Sustainability

A Via Seating, we recognize the growing necessity for sustainable furniture and are dedicated to fulfilling the environmental needs of our customers. We understand that our customers expect high quality, sustainable products at affordable prices and we are making it our mission to meet these demands with innovative—sustainable—designs. Sustainability encompasses three interconnected elements: environment, economy, and society. Our sustainability efforts include focus on all three of these areas to make a significant contribution toward human-ecosystem equilibrium.

DfE Lead Design (DfE)

All Via products follow a DfE process. All components are screened to the ANSI/BIFMA e3-2019 Annex B-List of Chemicals of Concern & the California Proposition 65 List.

BIFMA Compliant

Over 95% of Via Seating's indoor products are BIFMA Compliant, listed on this industry-wide registry of furniture products that conform to BIFMA safety and durability.

The Lab

Via Seating's mechanical testing laboratory is accredited to ISO/IEC 17025 by the A2LA (certificate # 4772.0) & issued reports & product certifications are globally recognized.

BIFMA LEVEL® Certified

BIFMA's sustainability certification program for furniture in which the majority of Via Seating chairs are LEVEL® 2 certified.

Community Outreach

We emphasize supporting our communities, 100% driven by our compassionate team members at every level of Via. Learn more at viaseating.com/about/community-outreach-and-involvement/

CLEAN AIR Certified

Most Via Seating chairs are CLEAN AIR GOLD certified. ANSI/BIFMA e3-2014e, Sections 7.6.1, 7.6.2, 7.6.3.

Take Back Program

Offering opportunities to Recycle/upcycle, Re-upholster & Responsibility to Retrofit as product reaches its end of life. Learn more at viaseating.com/about/take-back-program/

LEED Credits

Via products earn LEED credits including those for low emitting furniture, recycled content and for our local U.S. manufacturing location in Sparks, NV.

Warranty

Every product crafted by Via Seating is rigorously designed, tested and produced from with one thought in mind: to create durable, long lasting chairs that support the strongest warranty in the industry for a seating-only manufacturer! The Via Seating warranty for task, conference and executive seating: 12 years on all components, including foam and labor! (see exceptions below)

<https://viaseating.com/warranty>

Warranty Statement

Version: 2.0 . Published: 01/01/1987 . Last Modified: 11/01/2024

This Warranty Statement is provided to you by Via Seating (hereafter referred to as “Via Seating”, “we”, “us”, “our”).

All Via Seating products are manufactured with meticulous attention to detail and to the highest quality, durability and sustainability standards. VIA Inc (hereafter referred to as Via Seating) warrants to the initial purchaser that, Via Seating product will be free from defects in its materials and craftsmanship found during normal single shift usages; (5) days a week, eight (8) hours a day. This coverage shall be effective from date of manufacture as listed on the chair label.

Products covered by this warranty will be repaired or replaced at Via Seating’s discretion. Product repair or replacement of any defective part is the customer’s exclusive remedy for any and all product defects. Via Seating will pay for pre-approved warranty repair costs when shown to be a result of a defective part. This warranty repair cost will be in place for the full term of coverage from date of manufacture. Only those items free of misuse and abuse will be covered. Items with alternations, unauthorized repairs, or damaged by fire, flood or other acts of God will not be covered. This warranty supersedes all previous Via Seating warranties. There are no other warranties, expressed or implied, other than those specifically described here.

Via Seating reserves the right to make changes in design/construction and to discontinue products without prior notice. Warranty on discontinued products is limited to parts remaining on hand. Via Seating will provide full warranty coverage with a recommended alternate if parts are no longer on hand.

Warranty Periods

12-YEAR	12-YEAR: 24/7 SHIFT	10-YEAR	5-YEAR	2-YEAR
All Via Seating task, conference & executive chairs are warrantied for 12 years, single shift as defined above. Unless otherwise specified, Via Seating’s proprietary closed-cell, cold-cured, injection molded comfort foam is also covered for 12 years.	Via Seating’s 24/7 shift applies to series Brisbane HD 24/7, Genie®, Genie Flex® (including TPU) and Vista II series—these series are all covered for 12 years in 24//7 applications.	All lounge series (Astro, Chico, Comet, Edge, Luna, Meteor, Muir, Nebula, Orbit & Voom™), multi-use series (All-Ways, Coleurí, Eclipse, Joí, Splash, Sutro & Zee), stacking carts.	Via Seating In-stock leathers and fabrics, mesh 4u groove fabric, Knit mesh back chairs (Proform® & Riva) with mesh guard, outdoor furniture, Genie® mesh only when at 24/7 use.	Knit mesh back chairs (Proform® & Riva) <i>without</i> mesh guard, Tahoe sunshade, In-stock leathers and fabrics only when at 24/7 use.

Warranty Exceptions

(not covered under warranty)

- Non stock Graded-In, COM/COL textiles;
- Color-fastness or matching of colors patterns or dye lot, including; minor variations, color matches to swatches used for specification purposes and/or prior purchases;
- Products specified outside of those in the Via Seating price list;
- Products with unauthorized repair or alteration;
- Products not used, maintained or installed in accordance with Via Seating’s applicable guidelines;
- Products exposed to conditions deemed extreme (i.e. environments other than “normal commercial, indoor office” spaces) and damage from sunlight and UV rays;
- Products purchased “as is” or second hand/refurbished products;
- Products sold by unauthorized dealers;
- Variations of leather; dye lots, environment marks, scars, bites, rubs, wrinkles, stretch marks, pattern markings and minor irregularities in color, surface, grain & texture;
- Samples, floor/showroom samples, road samples, goodwill orders or any other non-purchased parts or chairs;
- Damage caused by staining, sharp objects, imprinting from instruments and water damage.

Compelling Solutions

Via Copper Mesh

Via Seating has developed a proprietary, double-patented copper-infused mesh for use in seating by partnering with Cupron, utilizing their copper-based proprietary & patented technology. The copper mesh works by physically embedding an EPA-registered copper into the fibers of the mesh. Through this process, the copper will not wear off like topically applied alternatives. The result is a patented, self-sanitizing, copper-infused mesh chair that has strong biocidal, antifungal & antiviral properties. There are additional anti-odor properties to the copper mesh as well. It is available in natural (i.e., "copper color") & black finishes.

This innovative copper mesh is featured in several of Via Seating's chair series, including the award-winning Genie® & Onda collections. These chairs are designed to provide ergonomic support & comfort while maintaining a clean & hygienic environment, making them ideal for healthcare settings & other high-traffic areas. The integration of copper-infused mesh not only elevates the chair's aesthetic but also improves infectious disease control for a safer seating solution.

Via Seating's copper-infused mesh seating technology is protected under U.S. Patent Numbers 10,986,938 and 11,389,009.

Revolutionizing Sit-to- Stand Seating: Dynamic Comfort & Award- Winning Innovation.

Via Seating's dynamic telescoping gas lift revolutionizes sit-to-stand seating by providing seamless adjustability to match every position a height-adjustable desk can reach. This allows users to sit, stand/perch, or find their ideal in-between posture, offering unmatched ergonomic flexibility for a diverse range of individuals. The award-winning 4-UP chair, recognized with the 2023 Best of NeoCon Business Impact Award, exemplifies this innovation by enhancing human health & wellness. Ideal for private or shared offices, nurse stations & beyond, these sit-to-stand solutions are further elevated with features like Via Seating's rollback arm & proprietary self-sanitizing copper-infused mesh, ensuring both comfort & cleanliness.

URBANTIME® Outdoor Furniture

Via seating has joined with our Italian partner Diemmebi to be the exclusive distributors of the comprehensive outdoor brand URBANTIME®. The signature outdoor landscape furniture collections under this brand were designed to make the everyday moments of life more comfortable—when we are waiting for a train, enjoying an ice cream in a park or taking a minute to recover before the next training circuit along a cycling path. For over 30 years, URBANTIME® has been bringing Italian style & intensive durability to the furnishing of public spaces including schools, conference rooms, parks, airports and hospitals.

Don't just take our word for it...

Explore our curated collection showcasing
Via Seating products thoughtfully designed into
healthcare spaces by our satisfied customers.

Wing Expansion in Midwest Teaching Hospital

Via Seating's double-patented Genie Copper Mesh®—originally designed for a team of nurses at a national hospital chain—was installed throughout the West Wing expansion of this Midwest teaching hospital. Its natural, additive-free biocidal, antiviral, antibacterial & antifungal properties pair seamlessly with the proprietary comfort foam of these durable 24/7 use seats.

Case Studies

Western Health New Surgical Infill Building

Via Seating's Genie® chairs were the ideal choice for administration & nurses in this new Western state surgical infill building. Featuring durable, long-lasting comfort foam seats, they're enhanced by an easy-to-use rollback arm for added convenience.

Eastern Free Clinic Office Refresh

Via Seating's Reset nesting chairs with mesh back & upholstered seat fit perfectly in this nonprofit that provides high-quality, non-emergency health care to local residents. The chairs deliver with 22

Healthcare Network Office Refresh

Via Seating's Proform® conference & 4u task chairs delivered in this national healthcare network office refresh, offering the perfect blend of ergonomic support, lasting comfort & modern design to elevate every workspace.

Western Patient Rooms

Via Seating's Spec Stools, available with hand-activated or hands-free adjustments, pair seamlessly with the durable Vista II patient chairs, which support up to 500 lbs.

Western Hospital Health Transfer and Operations Center

Via Seating's Genie Flex® chairs, featuring a sustainable, 100% PVC-free & long-lasting thermoplastic polyurethane (TPU) back, provided the perfect seating solution for this unique "traffic control" room in a Western hospital. Fully bleach-cleanable from top to bottom, these chairs support up to 350 lbs for 24/7 use.

Global Healthcare Company

Via Seating's Proform® & Vero chairs bring elevated sophistication & ergonomic excellence to conference & training rooms across the U.S. for this global healthcare company. Designed for high-performance environments, these chairs offer superior comfort, durability & refined aesthetics—ensuring an ideal seating solution for leadership meetings, training sessions & collaborative workspaces.

Western Ear, Nose & Throat Medical Group Practice

Via Seating's Vista II chairs & Spec stools enhance the fully rebuilt & redesigned Western ENT doctor's office. Seen throughout the space—from the lobby & waiting areas to patient rooms & beyond—these chairs offer a versatile seating solution. With a range that includes standard & bariatric chairs, as well as stools supporting up to 500 lbs, Vista II delivers both durability & comfort for healthcare environments.

Case Studies

Eastern Nursing Campus

Via Seating's Genie® & Zee chairs provide the perfect blend of ergonomic support & durability for this office expansion at a Northeast nursing campus. Designed for high-performance healthcare environments, these chairs enhance comfort, flexibility & longevity—ideal for administrative spaces, faculty offices & collaborative areas.

Western Health Insurance Company

Via Seating's Proform® chairs deliver exceptional comfort & refined aesthetics in this Western nonprofit health insurance building. Designed for both style & durability, their hand-sewn parallel stitch patterns create a sophisticated visual appeal, complemented by a gleaming polished cantilever arm & base.

Western Dermatology Clinic

Via Seating's robust Vista II standard & bariatric chairs offer an exceptional seating solution for lobbies & waiting areas. Designed for durability & comfort, they feature dual upholstery options, an easy clean-out design & a wall-saving frame—all supporting up to 500 lbs.

Western ICU Administration, Office & Nursing Stations

Via Seating's Genie Copper Mesh® chairs are the perfect fit for this ICU's administration, office & nursing stations, providing all-day ergonomic support for the care providers in the fast-paced surgical trauma unit. With a sleek design, responsive comfort & durable construction, Genie® keeps medical professionals on the go focused & comfortable.
